

## 18<sup>th</sup> BIRTHDAY CELEBRATIONS for **BAMFORD Contract Services**

### It All Started 1989

Bamford Contract Services opened its doors for business on 2<sup>nd</sup> October 1989 in Salford to supply temporary trades and labour to the construction industry throughout the Greater Manchester area.

### What's in a Name?

The name of the company was chosen because two of the founding partners were living in Bamford, Rochdale and Steve Berry co-founder and present managing Director is from Middleton.

### Relocation, Relocation, Relocation

In 1993 we relocated "home" to Rochdale and from renting a small room above a shop on Drake street we soon relocated to Reed Hill from where we celebrated our 10<sup>th</sup> anniversary year. In 2005 we moved into our current office, a familiar landmark – the old Domestrix shop on Cheetham street and undertook a full refurbishment using many of our own clients and operatives.

### Still Further Growth!

Since 1995 we have grown the business to provide three independent managed specialist divisions to cater for the Construction, Industrial & Engineering and Commercial & Secretarial sectors, supplying permanent as well as temporary staff. Our ability to provide temporary staff at short notice is second to none! We supply both the private and public sector and are delighted to have won preferred supplier status with many of our clients.

### Local Jobs for Local People

We have always stood by our founding principle that our success will be mainly home grown and are proud to announce that 54% of clients are local, as are 65% of temp candidates and 84% of perm Candidates.

### Some Achievement!

The business continues to thrive and employs 12 full time staff, finds jobs for over 200 temporary workers each week and places dozens of local job seekers into permanent work each month, particularly in the booming call centre sector.

### Our 18th Birthday celebrations

Champagne & a piece of 18<sup>th</sup> birthday cake were the order of the day

### THANK YOU !

The directors and staff would like to thank all of our clients and candidates for their continued business, hard work and support without which the success of Bamford's would not be possible. We appreciate your business and will continue to work hard to ensure we always deliver the best possible service.
